

Global projects with world-class status

The Venetian Sands, Macau

Citro Arizona, USA

Marriott Cancun, Mexico

Lotte Castle, South Korea

As one of the world's leading faucet manufacturers, DELTA has supplied to world-class projects on a global scale. With such confidence shown in DELTA's products, it comes to no surprise that DELTA faucets have exceeded the highest expectations of renowned architects and developers internationally.

From Shanghai to Mexico City, Dubai to Tokyo and throughout the Americas. In hotels, public buildings, skyscrapers and commercial buildings of every size, DELTA faucets are trusted to deliver quality and reliable performance in just about every corner of the world.

The Company

With over 50 years of industry experience, Delta Faucet Company has grown to become one of the largest manufacturers of residential and commercial faucets, as well as related accessories in The United States of America.

Delta prides itself on leading the development of new products and new ways of doing business in the faucet business. Since 1954, Delta has transformed the kitchen faucet industry with the single-handle ball valve design and since then, it has put 300 million single-handle faucets in American homes. That says a lot about the level of confidence homeowners have in Delta's products. At present, Delta adopts the latest ceramic-disc valve cartridge design technology for its products to ensure maximum durability, reliability and efficiency.

In order to keep pace with the changing needs and interests of today's homeowners, Delta continually looks for ways to maintain its consumers' confidence by constantly understanding their needs and anticipating their desires. When you purchase a Delta faucet, you can be confident that you are getting the highest level of quality and technological advancement in your product. Delta's products and services offer you the highest levels of design, performance and aesthetics. A company of many "firsts" and one-of-a-kind products.

Delta is the first faucet manufacturer to:

- use PVD finishing technology
- introduce hands-free electronic faucet for home use
- partner with a designer of the magnitude of Michael Graves

These "firsts" are part of what makes homeowners worldwide trust in Delta to always deliver the best looking, best performing and most innovative products out there.

Singapore customers can now experience the outstanding quality and design of Delta products.
